

Tenuta di Murlo

Villa Caminata

## Villa Caminata

The name “Caminata” originates from the Italian word for “chimney” and refers to a villa with many chimneys.

Surely the most spectacular element of this villa is its lush garden with more than 3,000 plants that bloom at different times of the year giving a wonderful display of colours that change with the seasons. Caminata can accommodate up to 12 guests in the main villa and in the elegant cottage close by in the gardens.
